Dear Mr. Anderson,

We just wanted to thank you again for your generosity and support of the 10th Annual Student Leadership Conference, *The Perfect Storm*. Participants were very pleased with the conference overall, and of your break out session in particular. These positive responses were a reflection of your time, energy, and participation.

Approximately 120 student leaders from various campus organizations such as Ursa Major, Greek Life, Advocates, ASUM, ADSUM, and Lambda Alliance were in attendance of this year's conference. So far, we've received great feedback regarding this annual conference as well as some great recommendations for next year.

Presenters, like you, helped us put on a successful conference, we look forward to your support next year!

Sincerely,

Patty Kero, Ed. D.
